

FINANCIAL MENU

We are a small, locally owned dental practice and we truly value our relationships with our patients and their families. We make our recommendations based on what we believe is the best treatment available for you, regardless of your insurance coverage or financial arrangements.

It is important to us that you are able to get the care that you need and deserve. For your financial comfort and convenience, we offer a wide range of financial options and our highly trained team is happy to help you navigate your options and choose a plan that best fits your needs.

PRE-PAYMENT IN FULL

A 5% courtesy discount is given for any treatment over \$500.00, when prepayment is received in full by cash or check when you schedule your appointment.

SPLIT PAYMENT

1/3 of the total treatment is due at the time of scheduling, 1/3 is due at the first visit and the remaining amount is due by the time of cementation or delivery of any final restoration or prosthesis.

PRE-AUTHORIZED CREDIT CARD AGREEMENT

With your permission and signature, we will charge a credit card with a prearranged payment amount each month, on the day of your choosing. This allows you to make monthly payments without applying for additional credit. This agreement can only be used while you are still in-treatment and 1/3 of the total cost of treatment needs to be paid towards your account to schedule the start of your treatment.

PAY AT THE TIME OF SERVICE

You may choose to pay for each visit with cash, check, or credit card. A reservation deposit equal to 1/3 your total cost of treatment is needed to schedule the appointment and the remainder can be paid at the time of service. You will forfeit your reservation deposit if you violate our no-show or late-cancellation policy.

FINANCE THE BALANCE

We work with 3rd party finance companies, which offer approvals over the phone or online. When choosing this option, it can allow you to have a low fixed rate or in some cases 0% financing from 12-60 months. This will allow you to have payments lower than what we are able to offer through our office. There is no prepayment penalty. We will assist you, let us know if you are interested.
